HOLLISTER CAMP PROVED SUCCESS

State Y. M. C. A. Expects Large Attendance Next Year

Springfield, Sept. 2.—The annual encampment of the Y. M. C. A. at Hollister on the White river breaks up today, after having been open for the summer. "Camp Ozark" has proved to be one of the most enjoyable outing places that Springfield people have had a chance to visit and the next year's encampment will see hundreds of people from here in attendance.

State Superintendent J. H. Banks of the Y. M. C. A. will arrive tonight from Hollister to confer with Dr. J. H. George, state president, with a view of making plans for the next year. The intention is to increase the size of the camp several times by building more and larger buildings, including a general rest room, dining rooms, etc. The ground around the camp will be beautified, a landscape gardener employed by the Missouri Pacific railway to have charge of that part of the work. Accommodations will be made for several hundred people by opening time next year.

H. L. Hollister, caterer at the camp, will take charge of Camp Hollister tomorrow. It is very similar to the Y. M. C. A. camp. It will be open until October 15. Camp Hollister is located nearer the station at Hollister in a grove of trees bordering on Turkey creek and not far from White river.

Marshal B. J. Pearman on Sunday morning last demonstrated his ability in the detective line by arresting one Leonard Stevons in this city, who had in his possession a team, wagon and harness alleged to have been stolen from E. S. Casner, of Carthage. The loss of the outfit was communicated Sunday morning by Mr. Casner to our liveryman H. C. Smith, who reported the same to Marshal Pearman, and that lynx-eyed officer at once got busy and before noon had the stolen rig in Mr. Smith's stable and the man in whose possession it was found in jail. Mr. Casner was notified and came down and got his property, but the prisoner was held here as he answers the description of a man wanted at Excelsior Springs for stealing a horse and buggy, which he took to Kansas City and sold.—Miner and Mechanic.

It's a pity when sick ones drug the stomach or stimulate the heart and kidneys. That is all wrong! A weak stomach, means weak stomach nerves, always. And this is also true of the heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves". Anyway test the restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by All Dealers.
